

How to choose the correct weekly monthly subscription

How much time per day do you plan to spend on learning for tests and doing assignments?

Calculate how much time will you spend per week on tests and assignments.

Examples

Work for 2 hours per day for 6 days (Mon-Sat) = 12 hours per week

Work for 4 hours per day for 4 days (Mon-Thu) = 16 hours per week

Note: The assignments should not take extra time for you when working on site, the assignment is based on the work you are supposed to do on site. Learning for tests you may need to do at night when working full time on a construction site.

For each 4hour assessment you need to book a 15min session with the Mentor.

Plan how many sessions you need to book per week and on what days.

Time table and monthly subscription prices.

Subscription Pace	Creep	Slow	Moderate	Classic	Fast	Speed
Learner's work pace (hours/week)	4 hours	8 hours	12 hours	16 hours	20 hours	24 hours
Mentorship contacts (15min/week)	1/week	2/week	3/week	4/week	5/week	6/week
Subscription/month (all levels)	R 3 085	R6 170	R9 255	R12 340	R15 425	R18 510

The monthly subscription is flexible across all modules and all levels with about 30% discount as only 50% of elective assignments required to obtain a completion certificate. All fundamental (core) assignments need to be completed.

On the monthly subscription you have access to 4 courses per period.
